ABOUT ME

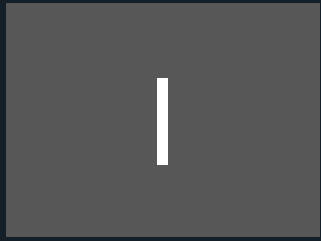

Photo

Developer Web & Web Mobile

I am EZOUN Victor Amen. I'm 18 years old and I live in Lome / Togo. A passionate of computer science since childhood, after my studies bac + 2 in math, I trained in Web development and Web-mobile to make my job. My specialty is to build web and Web-mobile projects from A to Z, starting with the definition of the product to best meet the needs, through the design of the tool, the integration of pages and development of different features. Without forgetting the optimization of the natural referencing and the Putting on line.
